

Lacrosse New Brunswick ACE Youth Development Program

Our Athlete-Centred Enrichment (ACE) Youth Development Program serves as a means for aspiring young athletes to hone and develop their lacrosse skills over the winter season.

This weekly program provides on-floor instruction for kids looking to elevate their play, try lacrosse for the first time, knock off some rust, or, just to get back out on the floor and have fun with friends. Athletes of all skill levels are welcome to register!

Each session will feature NCCP trained coaches who will help each athlete develop their Lacrosse IQ, their character, while also building on their strengths and enhancing any perceived weaknesses.

Who is this for?

- Athletes ages 11-14 in the 2022 season **(2012/2011/2010/2009)**
